

The real test of professionalism for  
 wealth managers and investment specialists

The Chartered Institute for Securities & Investment (CISI) congratulates all those named below on their successful completion of the CISI Chartered Wealth Manager Qualification, CISI Diploma, the Certificate in Private Client Investment Advice and Management (PCIAM) and the ICAEW/CISI Diploma in Corporate Finance exams in the summer 2015 session. As the professional body for the securities and investment industry, the CISI is the leading provider of financial qualifications to the investment sector in the UK. These postgraduate professional level qualifications are internationally recognised and are designed by senior practitioners to meet the needs of the financial services industry.

Completion of these qualifications leads to full Membership (MCSI) and, eventually, individual Chartered status either as a Chartered Member or a Chartered Fellow. For more information about how these qualifications can further your career, visit [cisi.org/qualifications](http://cisi.org/qualifications) or telephone 020 7645 0777.
