If your application is approved, your status as a provider of CISI Endorsed CPD Activities will last for 1 year from the date of approval and will be renewable annually thereafter. We will write to you about the renewal one month before your renewal date.
2. How to apply for specific CPD activities to be endorsed

Once you have been accepted as a provider of CISI Endorsed CPD Activities, you can apply for the accreditation of further CPD activities by:

- Sending a completed Application Form and the CPD activity materials (see section 3) for each CPD activity for which endorsement is sought to endorsedcpd@cisi.org

and

- Paying the endorsement fee (if applicable)

We endorse the content of CPD activities, not their delivery. This means that each Endorsed CPD Activity can be delivered any number of times within the year of approval, if the learning objective and outcomes do not change from the original document without further applications for endorsement being required.

We aim to process applications within 5 working days and will notify you of our decision. If your application is not approved, you will be advised of the reason why.

Once approved, the activity will be an Endorsed CPD Activity, entitling you to use the CISI CPD logo on the CPD materials and any related marketing materials. You may also state that the activity has been endorsed by CISI for CPD purposes.

Endorsed CPD Activities will be listed on a dedicated page on the CISI website, available to all members.
3. **Endorsement Requirements**

We only endorse providers who demonstrate their CPD activities meet the following requirements:

3.1 **Relevance to CISI members**

Your proposed CPD activities must be relevant to our members, helping them to meet the requirements of the CISI CPD scheme.

3.2 **Aims and Learning Outcomes**

You must state the aims and specific learning outcomes for each CPD activity. This should include:

- The purpose of the activity
- Who the activity is aimed at, including any prior knowledge required
- The level of the activity (introductory, intermediate, or advanced). You should determine the level based on your own subject matter expertise.
- The learning outcomes for the activity. Learning outcomes describe what a delegate should be able to know, understand or do as a result of the learning activity.

3.3 **Content**

The content should meet the aims and stated learning outcomes. All CPD activities:

- Should be generic and educational in nature
- Should not focus on the Provider’s own products/funds or services. If such subject-matter is included in the activity, it should be used to illustrate a broader learning point, rather than be the focus of the presentation.
- Must be up-to-date and factually correct
- May be structured or unstructured CPD. To be structured CPD, the activity must last for at least 30 minutes and the learning must be verifiable (see section 3.7). CPD activities that meet other requirements but last for less than 30 minutes or are not verifiable will be classed as unstructured CPD.
3.4 Delivery
CPD activities may be delivered in the following formats:
• Face-to-face workshops, seminars, conferences
• Live webinars
• Online – videos, recorded webinars, e-learning
• Written word – hard or soft copy.

3.5 Tutors or Presenters
All tutors and presenters should be qualified to speak about their subject and must be able to train or present effectively. You will need to send us details about each of your tutors and presenters.

3.6 Materials
All of the materials related to the CPD activity should be submitted for approval, including:
• The aims and learning outcomes and objectives
• A detailed agenda for the activity (not relevant for written word activities)
• A copy of any PowerPoint slides to be used together with speaker notes (these can be key bullet points)
• A copy of any handouts
• Access to any online videos, recorded webinars or e-learning programmes
• A copy of written word activities, such a guides, articles, etc.

It is the Provider’s responsibility to ensure that none of their materials infringe copyright.
### 3.7 Verification

To count as structured CPD, the learning needs to be verifiable. You should provide attendees/users with the means of verification as follows:

<table>
<thead>
<tr>
<th>Structured CPD Activity</th>
<th>Required Provider Records (to be retained for 2 years)</th>
<th>Suitable Verification Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>Face to face activities</td>
<td>A register of attendees</td>
<td>• A CPD attendance certificate</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Some form of test either at the event or after the event*</td>
</tr>
<tr>
<td>Live webinars</td>
<td>A register of active participants</td>
<td>• A CPD participation certificate</td>
</tr>
<tr>
<td>Elearning</td>

<td>• A record of time spent on the activity</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• A record of assessment inputs results, such as test answers and/or scores</td>
</tr>
<tr>
<td>Other online activities – some form of test must be included in the activity for it to be classed as structured CPD</td>
<td></td>
<td>• A record of assessment inputs results, such as test answers and/or scores.</td>
</tr>
<tr>
<td>Written word activities – some form of test must be included in the activity for it to be classed as structured CPD</td>
<td></td>

</tr>
</tbody>
</table>

* This could be by an activity built into the activity, for example, some questions (written or multiple choice) set as an individual or group exercise, or a paper based or online questions that the delegate completes after the event.

### 3.8 Administration

The Provider must have the necessary processes and procedures in place to support delegates before, during and after a CPD activity, including the ability to produce and retain the verification data specified in section 3.7 above.
