

## **Policy statement on Welsh language qualifications**

We are committed to providing our qualifications to learners in Wales. We do not currently offer qualifications in the Welsh language, because the demand for this is low but we review our qualifications' policies regularly, and/or in response to regulatory or legislative changes, or to our members' needs. We review the demand for Welsh language qualifications on a regular basis and will update this policy statement if we change our position.

If you have any suggestions or queries about the provision of Welsh language qualifications, please contact [feedbacksandcomplaints@cisi.org](mailto:feedbacksandcomplaints@cisi.org).
